ROBBERS HIT VICTIM OVER HEAD

Sensational Hold-Up Staged Sunday Morning

In one of the most sensational robberies in the history of Daly City, Theodore Andrew Boni, 150 Moltke street, was brutally slugged over the head by the butt of an automatic pistol and robbed of $140, Sunday morning.

The daring daylight hold-up was committed at 10:15 a. m., when Boni answered the door to find himself confronting two automatics. Bashed over the head and rifled of his money, Boni recovered in time from his semi-conscious condition to give chase. With blood streaming down his face, he pursued his two assailants down the street into a waiting automobile, but they escaped before police could be summoned.

Upon arrival of Daly City police, Boni was able to give but a slight description of his assailants. The get-away was made in a dark-colored machine driven by a third man.

The proprietor of the Highway tavern in Colma, Boni is the husband of Lillian Herald Boni, who was recently sentenced to Tehachapi as a two-time narcotics loser, police said.

He was treated at the Villa sanitorium for a severely lacerated scalp.

Commercial Plane

An actual sized mock-up of the Douglas DC-4, largest commercial plane in the country, is featured at the United Air Lines exhibit in the Vacationland building on Treasure Island, it was announced yesterday by S. A. Stimpson, regional traffic manager.

The mock-up is divided in the center so that visitors may more easily see the berths, cockpit and pantry arrangements, Stimpson said. Pretty uniformed stewardesses will be in attendance to answer questions. Costing several thousand dollars, the mock-up is an exact replica of the giant 42-passenger transports that United will place in service early in the spring of 1941.

Daily Tours

Beginning Monday, daily tours through the galleries of the Palace of Fine Arts on Treasure Island are being conducted by experts. There will also be brief illustrated lectures in the newly constructed lecture hall, which has excellent acoustics.

Katherine Field Caldwell, known to thousands of Fair visitors from her lively talks last year, is again head of the lecture division, assisted by Marie Dumas, lecturer at the University of California.

The talks to be given at the Fine Arts palace will deal with individual artists, various art movements and periods of art, and technical processes. No fee is charged for gallery tours and lectures.

"Our lectures," said Mrs. Caldwell, "are planned to give a background on the great paintings on display, and will help to make them more significant to the public."

Daly City Girl Wins National Award

Evelyn Ciemoli, attractive Jefferson Union high school senior, has a way with the typewriter that makes the entire nation sit up and take notice. Miss Ciemoli's speed and accuracy brought her first place in the nation in typing, it was announced this week.

Evelyn Ciemoli First In Typing

For the second consecutive year Evelyn Ciemoli's nimble-quick efficiency at the typewriter brings a national typing title to Daly City.

The pretty seventeen-year-old Jefferson Union high school senior won first place in the nation in a commercial typing contest for speed, unlimited class. She scored 81 words a minute with only 5 errors, typing for a 15-minute period, it was announced today.

Miss Ciemoli won the same honor last spring, while she was still a junior, with a score of 74 words a minute and 4 errors.

The talented young typist is the daughter of Mr. and Mrs. Peter Ciemoli, prorietors of the Colonial restaurant, 6192 Mission street.

In addition to her remarkable achievements in the commercial field, Miss Ciemoli has taken a leading part in many extra curricular interests during her four years at Jefferson, including dramatics and student body activities.

Miss Ciemoli also entered the 1940 California State commercial contest, according to her teacher, Miss A. Dorothy Smith, as did several other Jefferson students. Complete State returns are not yet available, but names of winners will be published as soon as all awards have been announced.

Charlotte Weait Writes Best Essay

Charlotte Weait, Jefferson Union high school senior, was today named first place winner of the state-wide essay contest sponsored annually by the deputations committee of the University of California.

For her efforts in writing the best essay in the State of California on the subject "What I Expect From My College Education," Miss Weait will be awarded a cash prize by the committee. A permanent plaque will be presented to Jefferson.

REMEMBER: No Banking Hours On Saturdays

Daly City branch, Bank of America, will not open its doors this Saturday, local manager F. Erickson reminded the public today.

San Francisco and San Mateo county banks are cooperating in a three-month test period to determine whether or not business interests would be adversely affected for lack of Saturday service.

The trial period will extend from June 1 to August 31, inclusive. There will be no Saturday banking business during those months, Erickson said.

Jeff Students To Elect Officers

Selection of new student body officers is the problem confronting Jefferson Union high school this week.

As the school year draws to a close, new material must be found to fill student offices. Several candidates have already signified their intention of running in the election. Campaign speeches will be presented this week.

A partial list of candidates includes Bill Rigler and Robert Capps for president; Howard Vierra and John Razzari for vice-president; Barbara Foreman for secretary; Eugenia Filios, treasurer; Herb Poddig, judge; Roy Johnston, sergeant-at-arms; Eldon Prziborowski and Eddie Zugar, yell leader. Petitions are still being entered.

Select Giusti Outstanding Athlete

Roy Giusti was chosen by the executive board last week as Jefferson Union high school's outstanding athlete of the year, without a dissenting vote.

Giusti, over a four-year period, has made a remarkable record at basketball, football and baseball, and has always stood out among his team-mates whether on grid, diamond or court.

On the gridiron he saved the day more than once for Jefferson; caught seemingly impossible passes; has run as much as 90 yards for a touchdown; kicked out of danger and kicked to win a game, and lent moral support to the whole team by being in the thick of nearly every fight for yardage.

At basketball he has run up his share of points and played guard with a thoroughness that is characteristic of his nature.

At left field on the baseball team, Roy has caught flies that should have been perfectly good hits for the opposition, and only

COUNCIL REVAMPS DALY CITY BUS SYSTEM

Important changes in the Daly City municipal bus system were outlined by the city council Monday evening in a stringent attempt to cut operating costs.

Beginning June 3, the busses will run on a new 15-minute schedule from Colma in the south-end to Mission and Sickles avenue, the terminal of the San Francisco municipal busses. This will be a shorter run than the present direct connection with the K car.

Hours of service have been shortened, with the busses running from 6:55 a. m. to 7 p. m. Sunday service will be discontinued entirely.

No more transfers will be issued. A straight 5c fare will prevail, with the exception of school children who may purchase student tickets as before.

The bus route will remain the same from Colma to the top of the hill. From there the busses will proceed down Mission to Crocker, along Crocker to Bellevue, along Bellevue to Acton, along Acton to the terminal at Mission and Sickles, and return by going up Templeton to Bellevue. Return trip will be made over the same route.

Actual running of the busses will be under the direct supervision of Arlie Beecher, bus driver. Complete new schedules will be delivered to home-owners here.

Other business Monday evening included a resolution calling for bids for a new pump and switchboard for the Daly City municipal water system. The old switchboard, installed in the pump house on Citrus avenue fifteen years ago, does not carry enough power to meet present requirements and is both dangerous and inefficient, Water Superintendent Arthur J. Bodien told the council. The new 40-horsepower pump will replace an old 25-horsepower engine at Well No. 7.

Balboa Rock company presented a written request for the re-zoning of Junipero Serra boulevard to permit the establishment of a building materials plant there. The letter stated that the company wished to maintain offices, sales and show rooms for various types of building materials and tile work, and electrical home appliances. The property will not be used for construction or maintenance of bunkers or the piling of lumber, the letter said.

The request was laid over for study at caucus meeting.

Stork Doubles Two Daly City Orders

There are two very proud and happy families in town this week; both elated for the same reason—twin sons.

The first set were born to Mr. and Mrs. Carl G. Sterner, 76 Woodrow street, last Tuesday, at St. Joseph's hospital. The twin's oldest brother Carl, 11-year-old student of Woodrow Wilson school, is extra proud of his new brothers—for they were born on his bitrhday. Eric Sterner, 5 years old, lays claim to the fact that the twins were born the same month that he was.

The second twins came to Mr. and Mrs. Frank Rex, 6736 Mission street, early Sunday morning. The stork arrived without the usual warning and Papa Rex found himself with a job on his hands.

With no time to call a doctor, he rolled up his sleeves and delivered the howling infant.

Congratulating himself on a swell job, Rex phoned for an ambulance. Before the ambulance and doctor arrived, the stork made a quick return trip and Papa Rex had to do an encore.

Hospital attendants complimented Rex upon a job well done. The two mothers and their four sons are doing nicely, according to reports from the hospitals.

Building Hit New High In '39

That the Peninsula suburbs exceeded San Francisco, in new building during 1939 by approximately $3,000,000 is the startling fact revealed by final compilations, analyzed by San Francisco Peninsula, Inc.

In fact, the reports show, eight Peninsula communities — South San Francisco, Daly City, San Bruno, Burlingame, San Mateo, Hillsborough, San Carlos and Redwood City—alone totaled $10,818,209 in new construction, as against San Francisco's $8,191,097.

This achievement is all the more remarkable when population figures are compared. The total population of these eight suburbs is less than 10 per cent of the population of San Francisco proper.

If Sharp Park, Millbrae, Palo Alto and other Peninsula cities, and rural and unincorporated areas, are added, the Peninsula building total for 1939 is raised well above the $12,000,000 mark.

This astounding achievement

Defeat Ends Jeff Participation In P. A. L. League

Jefferson lost their first game with Sequoia, Tuesday, in the three game play-off to decide which team would play for the 1940 pennant. Score 3-1.

It was a harder fighting team than the one the Jeffs humbled to the tune of 5-0 two weeks ago. The boys from the South finished the game without an error, while the Jeffs made four errors, one of which was responsible for two runs and the game.

Friday's game, the second in the three game play-off, was a different story, a chapter in local baseball that will rankle in the minds of the Jefferson team and those who saw the game, for some time to come.

In the first half of an overtime inning, Sequoia was at bat, with two out and a man on first. As Poddig pitched to the batter, the man on first started to steal second. When Huerta, the Jeff catcher, started to heave to Razzari on second to put the runner out, the Sequoia batter got in the way, Huerta's pitch to second went wild, and the runner went to third.

No umpire would have tolerated the flagrant disobedience of the rules of the game on the part of any batter, but the umpire was watching second and missed the whole act. What the umpire doesn't see, doesn't count.

A single brought the man on third home for the winning score. Score 3-2. The game concluded Jefferson participation in the PAL league this season.

D. C. Juniors Beat Bernal Heights

Daly City Juniors beat the Bernal Heights American Legion in a close and hard fought game on the Jefferson diamond, Sunday. Score 3-2. Schultz umpired; Ed Galli gave a play by play description over the P. A. system.

Jeff Golf Team Defeats Tamalpais

Jefferson's golf team, under the supervision of Arthur Quirmbach, science instructor, defeated Tamalpais high school 10-2 in a match play tounament at Ingleside last week.

While the Tamalpais team was handicapped by an unfamiliar course and a high wind, Jefferson played a good game, with Compani and Richman doing the course in 79 and Vierra and Rigler in the 80's.

Individual points made by Jeff's players were Albert Compani 3, Don Richman 3, Howard Vierra 2 and Bill Rigler 2. In match play one point is given for each nine holes and a point for the entire eighteen.

The Tamalpais team, sponsored by Francis Shafer, will play a return match with Jefferson on the Mill Valley course this week.

Holy Terrors Win League Championship

Holy Terrors and the Riff Raffs met Thursday evening in the Jefferson gym for the WPA Recreation league championship. Holy Terrors won, 47-22.

The two teams were each the winner in their respective divisions of the recreation league.

Prize money was split between the two teams.

Start Spring Grid Practice

Spring grid practice got under way at Jefferson Union high school last week, and next week Coach John Matthew's boys will go into scrimmage.

The nucleus of the team will be last year's line men, Herb Poddig, Jack Faulk, Don Hertz, Bob Capps and Bill Rigler, with one man from last year's backfield, Harlan Ferrando.

Last year's second string men who will probably make the team are Schauer, DeMartini, DeBono, Bob Rosenberg, Fraetes and McGrath.

While these boys may develop during practice, it is doubtful if they will even partly fill the shoes left vacant by the graduation of last year's players who included Roy Giusti, Bob Christian, Buster Eldrup, Ben Rosenberg and Melvin Dykman.

Milo's Mkt. Moves Up To Second Place

Milo's Market moved up another notch in the Merchants bowling league when they defeated San Bruno Exchange two out of three last week. Score, 2501-2411. Milo's are now in second place.

SWEETHEART OF THE ICE

Bess Ehrhardt, one of the talented stars of the 1940 Ice Follies, now at Winterland, San Francisco.

Throngs Applaud New Edition Of Ice Follies

Repeating the sparkling entertainment which the Ice Follies provided for some 400,000 persons in San Francisco last year, an entirely new edition of the famous skating show is appearing nightly at Winterland.

The same ice stars who delighted local audiences during a seventeen-week run last year are here again, with a completely different presentation.

Production is the keynote of the new Ice Follies. The revue this year is composed of a number of closely-knit exhibitions combining three and four separate features.

In the opening number, which is called "Arctic Fantasy," two ensemble groups, a comedy group, a comedy single number and a dazzling pair skating act appear. Settings are spectacular, with igloos reproduced from the far North and northern lights in the background.

Bess Ehrhardt, "America's sweetheart of the ice," Roy Shipstad, American champion; the famous Evelyn Chandler; Oscar Johnson; Eddie Shipstad; Osborn Colson, Canadian champion; Fran Claudet; Ruby and Bobby Maxson and others who appeared with the show last year are here again.

Good seats are available for most performances, it was announced. Tickets are on sale at Winterland and at Sherman Clay box offices in San Francisco and Oakland.

Coming back to Jefferson for the day to play quarterback will be Bob Christian, and to take his place as left guard, Buster Eldrup. Both of these boys graduated last year.

Also playing in their farewell game in their respective positions of last year will be Ben Rosenberg, Roy Giusti and Melvin Dykman.

The game is scheduled to start at 3 p. m.

Don Bortis Plans To Enter Soap Box Derby

Don Bortis, 13-year-old Soap Box derby enthusiast and student of Jefferson grammar school, has begun construction of a racer that he intends to enter in the Soap Box derby on Treasure Island in June.

Don, who is building his racer in his father's garage, Colma, has the frame and axles completed and will soon be ready to construct the body.

Winners in the semi-finals at the Fair next month will have a chance to go to Akron, Ohio, to race in the finals for the National championship.

According to Don, he hopes to add to the trophies and fame that have been brought to Daly City and Colma by the younger generation during the past year.

The derby is sponsored every year by the Chevrolet Motor company.

Olivet Memorial Defeats San Bruno

Olivet Memorial Park softball team traveled to Burlingame last Tuesday evening to play a winning game against the San Bruno Athletic club. The game was the first league game of the season for the Olivet club.

Select Giusti Outstanding Athlete

once during the entire season did a ball ever get past him in left field. He has never failed to come through with a hit in a league game, and recently hit a ball 385 feet into center field; not a record, but a plenty good hit.

Giusti never played to the grandstand, never built himself up at the expense of his teammates, but worked with the team always, whatever the game. He has in him—and it has showed in his playing—the essence of good sportsmanship, and in the words of his companions and coaches, he is a "good citizen."

His name will be engraved on the outstanding athlete trophy in the Jefferson Union high school gymnasium.

Whiskerinos Win Fiesta Prizes

Growing a beard has its trials and troubles, but four Daly City Whiskerinos reaped a harvest for their pains, Friday night. Prizes were awarded by Henry Warshawski, local Fiesta leader.

Adjudged the best in a field of nine contestants, John Leepin, Westlake Market employee, walked away with first prize. Leepin sported a full, black beard of the prospector type. Second prize went to Lacey Harper for the bushiest sideburns, and Sam Lucia's jet black Quaker-type trim won third prize. George De Bono placed fourth with the softest whiskers.

Judges were Melvin Hansen, J. T. Shannon and E. T. Johns.

Leepin's picture will appear in this week's Shopping News.

Chapin Brothers Win In Contest

Post-card votes in a veritable deluge from every part of Northern California gave Wayne and Fred Chapin, tenors of Lembi's Indians of Rhythm, coveted first place among the ten contestants who appeared on Benny Walker's amateur hour, May 20. The brothers sang "Too Romantic" and "You Tell Me Your Dream."

The Chapin brothers were the second winners from Lembi's Indians; the Cowboy band was voted first the week before.

Monday, Angelo Ditty, "Indian" saxophonist, played "Melody in A" on the amateur program. If Angelo receives enough votes to win first for his performance Monday, three Lembi-trained presentations will appear in the final contest, June 3.

Prize for the finals winner is a week's paid engagement at the Golden Gate theatre.

Film Recounts Stirring Fight For Medical Truth

This is the season for pictures with something to say. "The Fighting 69th" describing the career of the famed 69th New York regiment during the World War; "The Grapes of Wrath" telling the plight of America's migratory workers, and now "The Story of Dr. Ehrlich's Magic Bullet."

Opening tomorrow at the Daly City theatre, this picture is based on the life of Dr. Paul Ehrlich, the man who discovered cures for some of mankind's most dread diseases. As short a time ago as two years a picture of this present content would never have been made. With a fearlessness that has been grounded in the fight of United States Surgeon General Doctor Thomas Parran, Warner Brothers has fashioned a script which gives expression to the government's attempt to bring medical truth to light.

"The Story of Dr. Ehrlich's Magic Bullet" begins with Ehrlich's early attempts to positively identify and segragate the tubercle bacillus. In his work he is thwarted by overlings who are jealous of his skill, who disparage his ambition. Persistent to the point of his own personal ruin, Ehrlich forces his discoveries on the medical world.

His research leads him to a discovery for the cure of mankind's most dread disease. Here Ehrlich meets the blind and unintelligent outrage of gentility. The doctor calls a spade a spade—and people are horrified. This does not lessen his determination to give his cure to the world, although convention dictated that the disease itself might never be named in audible terms.

"The Story of Dr. Ehrlich's Magic Bullet" is a courageous film. Yet, from beginning to end, it is colorful, romantic screen entertainment that emphasizes the distinctly human side of Ehrlich, his love for his home and family, his struggles against the petty jealousies and prejudices with which great men are always plagued in doing their work.

AT DALY CITY THEATRE

STAR IN EXCITING NEW FILM—Edward G. Robinson and Ruth Gordon head the cast of "The Story of Dr. Ehrlich's Magic Bullet," which opens at the Daly City theatre tomorrow.

Development of Bicycle

The general idea of the bicycle is suggested in ancient carvings, but the machine was not successfully developed until the Nineteenth century.

"Convertible" Proves Popular

With the advent of "convertible" weather, James E. Donahue, Daly City De Soto-Plymouth dealer, announces a decided upward trend in the popularity of these models.

The new popularity of these models is believed due to the power-operating tops which enable motorists to enjoy this sports-type with complete indifference to the vagaries of the weather.

"Extra comfort for three auxiliary passengers in a spacious compartment back of the driver's seat, is an important feature of De Soto's Convertible design," said Donahue. "The extra seats fold away at the sides when not in use, opening up useful carrying space in addition to the big luggage locker underneath the rear deck."

Available only in the De Soto Custom line, the new Convertible comes with an impressive list of star performance features engineered into this year's lively, 100 horsepower engine and big, 122½ inch wheelbase chassis.

To Give High School Recording Machine

Jefferson Union high school's entertainment committee will present a recording machine to the school as the committee's gift for 1940, it was learned today.

The machine will be formally presented some time this week, said Committee Chairman Bill Rigler and Faculty Sponsor R. L. Gray, who are in charge of the plans.

Chemical Causes of Cancer

More than 50 different chemicals have been found to produce cancer in man and animals, says Collier's. Strangely enough, they have no other properties in common.

Netherlands Defensive Flooding

If the dykes in the Netherlands are open, defense flooding would damage the farm lands, and necessitate the evacuation of thousands of residents, but the water would not be sea water, it would be fresh water from the rivers, or the old Zuyder Zee, now called Ijssel lake. It would do no permanent harm.

Valuable Copper Sludge

Precious metals are recovered from the sludge of copper refineries, says Industrial and Engineering Chemistry. Cadmium is a by-product of zinc smelting. Selenium, now widely used in making ruby-colored glass, was once a waste of copper refineries, and antimonial lead is produced by working up the scum from softening furnaces in lead refining.

John Shinn Edits Unique Newspaper

John Shinn, 141 Miriam street, is the founder and editor of one of the most unique newspapers published in the nation, it was learned here today.

Called "The Shinn National Journal," his monthly paper deals with news and articles of interest to those closely related to the Shinn family throughout the world, and is sent to thousands of Shinns both here and abroad.

Believed to be the first newspaper of its kind in existence, it is published by Charles Shinn in Smithville, Missouri and edited from here by John Shinn. Compilation for publication of the history of the Shinn family has long been a hobby for John Shinn.

Son of a former editor of the Watsonville Pajaronian, Shinn is now an employee of a San Francisco hotel. He recently assisted in editing a "Shinn edition" of the Shinnville (W. Va.) News, in honor of the founders of that city.

Greyhound Maintains Regular Schedules

Declaring that the strike now in progress by some of the drivers did not involve wages, hours or working conditions, W. E. Travis, president of the Pacific Greyhound Lines today made the following statement:

"Greyhound drivers are the highest paid and enjoy the best working conditions of any in the country. It is regrettable, especially at this time when the San Francisco Fair is opening, that the brotherhood has seen fit to call a strike over a jurisdictional matter instead of settling it in the proper manner through the courts.

"Meanwhile normal service is being maintained throughout our system. We have plenty of drivers, all competent experienced A. F. of L. Union men who have passed the rigid physical and safety tests demanded by our company. Equipment is being maintained and serviced in the company shops and garages on our lines. Our schedules are operating in the regular manner and we have every confidence that the traveling public will continue its patronage until the matter is settled in a legal manner, Travis continued.

DALY CITY YOUNGSTERS EARN OWN WAY TO SUMMER CAMP

Today 93 enthusiastic boys and girls are at work making Daly City a more beautiful community in which to live. Not only are these young people getting a real thrill out of planting lawns and gardens and watching things grow—their talk is of summer camp with its carefree days of hiking, playing, eating and sleeping in the great out-of-doors.

Recently The Record announced a city beautifying program sponsored by J. W. Marchbank and the Daly City Recreation department whereby any local boy or girl could earn enough money to attend summer camp. Mr. Marchbank donated sufficient money to send boys and girls to camp, and the recreation department set up a city beautifying program in order to provide work for applicants to earn camp expenses.

The program is still open to additional boys and girls. Any young person between the ages of 9 and 16 may still register at the recreation office, 101 Parkview avenue, and receive a work assignment to earn his camp expenses.

To the left are pictured some of the boys and girls who are already at work. Within the next five or six weeks The Record will publish a picture of every boy and girl who is participating in the program.

(From top to bottom, reading left to right) Silvio Brocchini, Thomas Thimis and Richard Selmi talk over plans for camp. They are shown in Richard Selmi's back yard, 448 Santa Barbara avenue, where the boys have weeded several hundred square feet and have planted a lawn. Second picture shows Thomas Thimis at work weeding the new lawn in front of his own home, 7 Parkview avenue. Carol Ann Johnson, Harvey Anderson and Melvin Johnson are pictured next as they prepare their back yard, 1158 Brunswick street, for a garden. Harvey Anderson is shown in an individual picture weeding the vegetable garden at his own home, 401 Wellington avenue. Chester and Roy Bogart are making ready to plant a lawn in front of their aunt's home, Mrs. P. C. Christman, 196 Moltke street. Next two pictures show Joe Straughan's boy scouts making gardens on Los Banos avenue. A large number of local scouts are very enthusiastic about making gardens to earn their way to camp. At work in a flower bed is Margaret Fensterbusch, 344 Citrus avenue. Margaret is earning her way to camp by taking care of the front and back yard lawns and a garden at her home. LeRoy Davis, 201 Citrus avenue, pushes a lawn mower and he has also planted a small garden in the back yard of his home. Bottom picture shows Eddie High pointing out work to be done by boys and girls at Bodien park, Citrus and Niantic avenues. Eddie is a staff member of the local recreation department and has been delegated to supervise the city beautifying program on which boys and girls are working to earn summer camp expenses. Eddie will also be a director at the summer camp.
